**Pauline Dogmatics**  
*The Triumph of God’s Love*  
Douglas Campbell  
9780802875648  
$55 SALE $33

"Pauline Dogmatics is quite simply the most enjoyable biblical or theology related book I have ever read, and I consider it to be the best book on Pauline theology ever written. This is theology written not simply about Paul, but with Paul, under Paul, illuminating Paul, which reaches beyond the cerebral assault into my own life and practices with unnerving immediacy. With unique insight, Campbell slam-dunks the most important thing to get right when reading Paul, and he then pushes this through in what can only be called joyful directions. Utterly. Brilliant.”  
—Chris Tilling

**A Historical Theology of the Hebrew Bible**  
Konrad Schmid  
9780802876935  
$55 SALE $33

“His volume is a herculean effort, one that required a scholar of Schmid’s gravitas. None of us involved in research of the Hebrew Scriptures can afford to ignore what he has offered here, which is indeed something of a personal tour de force.”  
—Bill Arnold

“Arguably the most important work on the topic in the last fifty years, this magnum opus is must-reading for anyone interested in the theology/theologies of the Hebrew Bible.”  
—Mark Smith

The Case for a Proto-Gospel

Recovering the Common Written Source Behind Mark and John

This landmark study of the literary relationship between the gospel of John and the synoptic gospels presents compelling evidence for the existence of a written pre-canonical Alpha gospel that contained almost all of the main episodes in the adult life of Jesus and which became the written source for the core biography of Jesus in all four gospels.

“Carefully crafted, well written, based on historical and literary analysis, Greenberg’s book enhances our understanding not only of the Gospels of John and Mark but the process whereby the gospels themselves came to be.”

— Barrie Wilson, Professor Emeritus and Senior Scholar of Religious Studies, York University, Author of How Jesus Became Christian and co-author of The Lost Gospel

Genesis Chronology and Egyptian King-Lists: The Egyptian Origins of Genesis History

Volume I: Egypt’s Dynastic Period

GARY GREENBERG

Based on archaeological and literary evidence for Egypt’s chronological history, Greenberg compares the birth and death dates for Adam through Joseph with contemporaneous events in Egypt. The evidence shows that the biblical roster constitutes a disguised record of Egypt’s dynastic history, and that many of the dates can be precisely aligned with Egypt’s High Chronology dates for the first eighteen dynasties as well as the reigns of important Egyptian kings.

Among the other subjects explored are the symbolic importance of Enoch’s death; Methuselah’s life span and an era of equal length in Egypt; the Joseph chronology and his pharaoh; what was “divided” in the time of Peleg; the story of the sinful marriage between the sons of god and the daughters of men; and Egypt’s Sothic cycle in establishing anchor dates for Egyptian and Genesis chronology.

Gary Greenberg, former President of the Biblical Archaeology Society of New York, is the author of The Moses Mystery, 101 Myths of the Bible, The Judas Brief, and Who Wrote the Gospels? and articles in Egyptological journals. He has presented papers on Egyptian chronology at conferences, and his works have been translated into many languages. He maintains a blog at www.biblemythhistory.com and a web site at www.biblemyth.com
